## Course Learning Outcomes:

### ECON110125\_2022FALL\_Principles of Economics

#### Distribution of Responses

How would you rate this course overall?

Statistics	Value
Mean	3.67
Median	4.00
Mode	4, 3
Standard Deviation	0.96

## Course Specific Open-Ended Responses:

### What are the strengths of this course?

Comments
One on one aid and engaging TA
elena is very outgoing and helpful with anything we need
Interesting lectures
It was a nice class and Elena is great
Very straightforward with material
It was helpful to practice things we learned in the lecture in a smaller setting.
–Instant feedback –Interactive
Same as other
Good extra help and practice
The course pack available
Very helpful reviewing difficult content learned in class.
Teaching econ
the engagement from the professor
— allowed for review and reinforcement of concepts/material learned in lecture in a smaller environment
easy to follow along
NA

### What would have improved your learning in the course?

Comments
More time practicing/going over material rather than games
maybe just less topics to cover because regan goes so fast in her lectures that's it's hard for elena to go over it all in this discussion section
More discussions
n/a
Maybe a more organized discussion. It was kind of repetitive. Wish we could have talked about today's economy problems.
N/A
Same as other
Nothing
I didn't like the large lecture
More activities related to content in class.
More concise lectures
more interactive examples
— having more structured/organized objectives for each discussion section — providing handouts for students so they can follow along during the discussion section
homework organization
NA

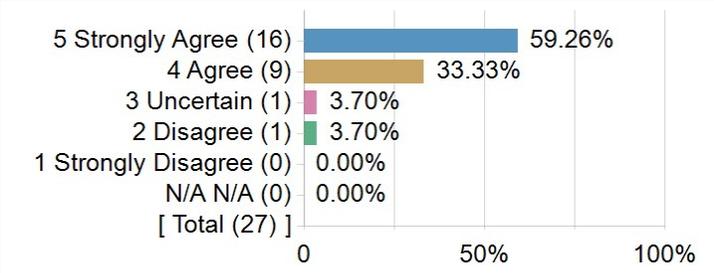

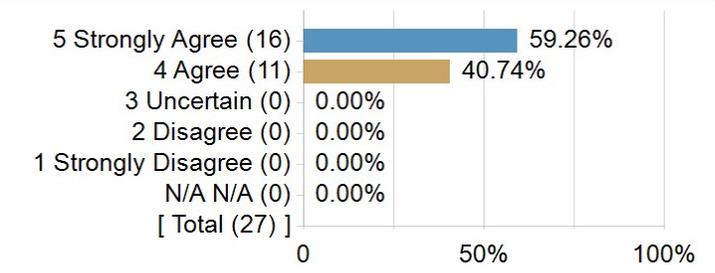

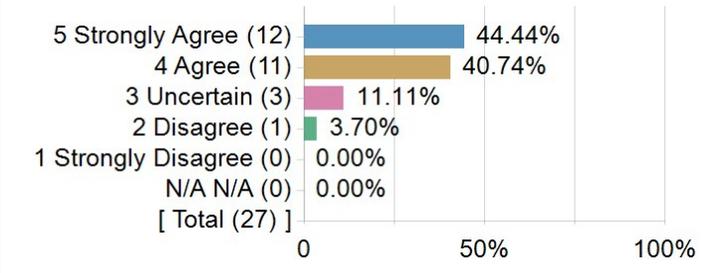

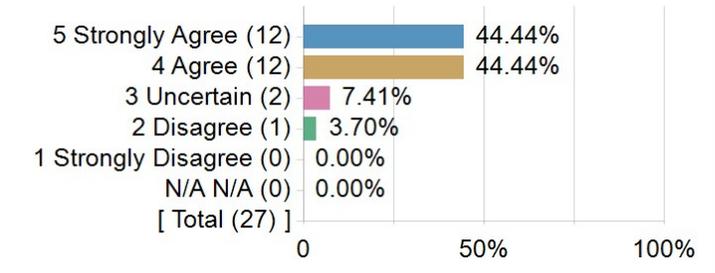

**Additional Comments:**

Comments
N/A
Elena was an excellent economics TA.
